OVERVIEW

Shepherd Compello is an independent, family-owned Lloyd's Broker and Coverholder based in London. Established for nearly 20 years, the company's specialist areas include:

Transportation

Our team has a wealth of experience in providing coverage for both mainstream and niche risks across North America.

Property

We offer comprehensive and competitive coverage to lenders, investors and high value homeowners across the United States and Caribbean.

Fine Art & Jewellery

Through our Lloyd's facility, we offer competitive, comprehensive coverage for physical loss or damage to high-valued fine-art and jewellery.

Extended Warranty & GAP

We provide products for vehicles, scooters, trucks, agricultural machinery, brown goods, white goods and pretty much everything else in between.

Liability

We specialise in providing tailored liability solutions for both general and specialist risks, including professional indemnity, D&O, Public, Employer & Products Liability. Plus coverage for Engineering & Aviation, Logistics, Drones and Personal Accident.

Parametric

Traditional insurance often lacks coverage for climate risks, leaving gaps in protection. Our parametric coverage offers fast, transparent payouts based on measurable events like wind speed and rainfall.

Cyber

We work with both SME and global corporates in order to analyse their cyber exposures and deliver bespoke solutions tailored to their specific circumstances and requirements.

Diminution

Diminution covers the loss in vehicle value after an accident, bridging the gap between pre and post-accident worth. Often paired with GAP insurance, it ensures financial security by covering both outstanding finance and diminished value.

CLAIMS

Insurance is a promise. A promise that when the worst happens someone will be there for you. At Shepherd Compello we understand the importance of fulfilling our obligations and, if the worst happens, the prompt payment of claims agreed.

We will handle your claim all the way through the process, from first advice, right through to final settlement, making sure there are no surprises along the way and your claim is settled on time.
